Math Vocabulary

area of a circle	perimeter
chord	perpendicular
circumference	pi
collinear	polygon
complex number	prime number
congruent	quadrant
consecutive	quadratic equation
diagonal	quadrilateral
directly proportional	quotient
endpoints	radian
function y = R (x)	radii
hypotenuse	radius
integer	rational number
intersect	real number
irrational number	slope
least common denominator	standard coordinate plane
logarithm	transversal
matrix	trapezoid
mean	vertex
median	x-intercept
obtuse	y-intercept
