Concurrent Enrollment Handbook

REVISED March 2020

Introduction

Pueblo Dist. No. 60 offers a concurrent enrollment program through our community partnerships with Pueblo Community College and Colorado State University-Pueblo. This concurrent enrollment opportunity allows for students to take college/university course work while earning their high school diploma.

The intent of Colorado's Concurrent Enrollment legislation is to broaden access to, and improve the quality of concurrent enrollment programs, improve coordination between institutions of secondary education, and institutions of higher education, and ensure financial transparency and accountability. The bill also includes the "5th year" ASCENT program for students retained by the high school institution beyond the senior year. For information about ASCENT please contact your high school counselor or visit the Colorado Department of Education page at:
