

May 2022

Dear 4th Grade Student + Family,

We are so excited to have you as a member of the CIMS family for the 22-23 school year. Together, we will work diligently to learn, grow, and find success.

Before next year begins, we'd like to provide balanced guidance on how students can remain active learners throughout the summer. *Activities that you should do will directly link to your new classes in the fall. Not doing these activities may put you at a disadvantage or make you feel behind.* *Activities that you might do will keep you stretching as a thinker and as a learner, if you have time or interest in them.*

To be successful in your new grade level, you *should* spend time on these activities:

- Read Wonder, by J. Palacio and be ready to test on it at the beginning of the year.
  - ◆ If you wish to purchase your own copy, you may do so.
- Practice mixed multiplication facts (0-10). These should be firmly committed to a student's memory. A hard copy is attached and can be copied multiple times for additional practice.

See you next year!

\*If you would like to access any of this electronically, visit our website at [www.pueblod60.org/corwin](http://www.pueblod60.org/corwin) and click on "Students" and then "Summer Practice".
