

**Dance/Fitness 2019-2020 Subject Group Overview**

Quarter 1					Quarter 2			
Weeks	Unit 1	Unit 2	Unit 3	Unit 4	Unit 5	Unit 6	Unit 7	Unit 8
	2 Weeks	2 Weeks	2 weeks	3 Weeks	4 Weeks	1 Week	2 Weeks	2 Weeks
<b>Unit Name</b>	Relational Capacity (Teambuilding)	Fitness Testing/ Goals	Choreography	Line Dances / Writing Choreography with Song Parts	Fitness	Tabata	Nutrition	Abstract Dance
<b>Key Concept</b>	Relationships	Development	Connections	Connections	Systems	Change	Connections	Form
<b>Related Concept(s)</b>	Interaction and Perspectives	Systems and Refinement	Interaction and Movement	Energy and Movement	Creative and Change	Adaptation and Energy	Choice and Perspective	Movement and Space
<b>Global Context</b>	Identities and Relationships: psychological and social development	Identities and Relationships: Adaptation, ingenuity, and progress	Personal and Cultural Expression: Creation	Identities and Relationships: happiness and the good life	Identities and Relationships: Lifestyle Choices, motivation	Identities and Relationships: attitudes, motivation	Globalization and Sustainability: Consumption Identities and Relationships: good health and well-being	Personal and Cultural Expression: ritual and play
<b>Statement of Inquiry</b>	Relationships are developed through interaction of different perspectives resulting in psychological and social development.	The development of goals help to refine and create a workout system that will help the body adapt, and progress.	Connections are formed by creating a dance and interacting writing with movement in a social context.	Connections are made when body energy interacts with music at which a relationship is identified through a sequence of repetitive movements enhancing happiness and the good life.	Body Systems change in response to a creative workout program based on someones lifestyle choices and motivation	Adaptation causes change in movement that transforms energy which improves attitudes and motivation.	Connections between the body and food consumption results in alternative perspectives which impacts food choices for good health and well-being	Dancers use form as a way to express ritual and play by maintaining body movement through space.

<p><b>MYP Subject Group Objectives</b></p>	<p>Objective D: Reflecting and improving performance. i. Explain and demonstrate strategies to enhance interpersonal skills. ii. analyse and evaluate the effectiveness of a plan based on the outcome. iii. analyse and evaluate performance.</p>	<p>Objective B: Planning and Performance. i. Develop goals to enhance performance. Objective D: Reflecting and improving performance ii. analyse and evaluate the effectiveness of a plan based on the outcome.</p>	<p>Objective C: Applying and performing. i. Demonstrate and apply a range of skills and techniques effectively. ii. Demonstrate and apply a range of strategies and movement concepts. iii. Analyse and apply information to perform effectively. Objective D: Reflecting and Improving Performance</p>	<p>Objective C: Applying and Performing iii. analyse and apply information to perform effectively. Objective D: Reflective and improving performance iii. analyse and evaluate performance</p>	<p>Objective A: Knowing and understanding; apply physical and health terminology effectively to communicate understanding. B. Planning for performance; design, explain and justify plans to improve physical performance and health. C. Applying and performing; demonstrate and apply a range of skills and techniques effectively; demonstrate and apply a range of strategies and movement concepts.; analyse and apply information to perform effectively. D. Reflecting and improving performance; explain and demonstrate strategies to</p>	<p>Objective A: Knowing and understanding. Apply physical and health education knowledge to analyse issues and solve problems set in familiar and unfamiliar situations. Objective B: Planning and performance. Design, explain and justify plans to improve physical performance and health. Objective C: Applying and performing. Demonstrate and apply a range of skills and techniques effectively; demonstrate and apply a range of strategies and movement concepts; analyse and apply information to perform effectively. Objective D: Reflecting and improving performance. Ddevelop goals and apply strategies to enhance performance.</p>	<p>Objective A: Knowing and Understanding; apply physical and health terminology effectively to communicate understanding. Objective B: Planning for performance; design, explain and justify plans to improve physical performance and health. Objective C: Applying and performing; demonstrate and apply a range of skills and techniques effectively, demonstrate and apply a range of strategies and movement concepts, analyse and apply information to perform effectively. Objective D: Reflecting and improving performance; explain and demonstrate</p>	<p>Objective A: Knowing and understanding; apply physical and health terminology effectively to communicate understanding. Objective C: Applying and performing; demonstrate and apply a range of skills and techniques effectively, demonstrate and apply a range of strategies and movement concepts, analyse and apply information to perform effectively. Objective D: Reflecting and improving performance; analyse and evaluate performance.</p>
--	--	---	---	--	--	---	---	--

<b>ATL Skills</b>	Self-Management: Organization Skills - Students will exchange thoughts, messages and information effectively through interaction, give and receive meaningful feedback and negotiate ideas	Self-Management: Organization Skills - Students will set goals that are challenging and realistic. Plan strategies and take action to achieve personal and academic goals.	Thinking: Creative-Thinking Skills - Students will create original works and ideas; use existing works and ideas in new ways.	Self-Management: Reflection Skills - Students will focus on the process of creating by imitating the work of others.	Communication skills. Exchanging thoughts, messages and information effectively through interaction. Reading, writing and using language to gather and communicate information. Collaboration	Communication skills: Exchanging thoughts, messages and information effectively through interaction. Reading, writing and using language to gather and communicate information. Collaboration	Communication Skills: Exchanging thoughts, messages and information effectively through interaction; Reading writing and using language to gather and communicate information. Collaboration	Collaboration skills: Working effectively with others.

	<b>Weights 2019-2020 Subject Group Overview</b>							
	Quarter 1		Quarter 2		Quarter 3		Quarter 4	
	Unit 1	Unit 2	Unit 3	Unit 4	Unit 5	Unit 6	Unit 7	Unit 8
Weeks	5 Weeks	4 Weekws	1 week	8 Weeks	5 Weeks	4 Weeks	4 Weeks	5 Weeks
Unit Name	Relational Capacity (Teambuilding)	Body Weight Introduction	Pre Testing 1RM Every body major part compound movements	Weight Training General Conditioning	Hypertrophy Strength Phase	Crossfit/hiIT	Strength Phase	Power phase/ 1RM
Key Concept	Relationships	connections	Change. Development	Change	connections development movement	Change	Function	Change
Related Concept(s)	Interaction and Perspectives	movement	Adaptation, Energy, Movement	Adaptation and Energy	Refinement	Adaptation and Energy	Systems	Function
Global Context	Identities and Relationships	Orientation in space and time	Identities and Relationships	Identities and Relationships	Personal and Cultural expression	Globalization and Stability	Scientific and Tec	Orientation in space and time
Statement of Inquiry	Cooperation happens when relationships are created through interactions and an appreciation of different perspectives	every action/movement requires a muscle group to fire in order to move the human body in space and time .	Adaptation causes change in movement that transforms energy allowing human capability and development to grow.	Body systems adapt to changing training methods in the water	personal expression can be obtained through body building and weight training	HIIT training can and is performed all around the world. It is performed by many different groups , social; economical; political. This type of training takes less monetary demand than any other.	Scientific and Technical innovation is what gaining muscular strength is derived from.	Mental and physical toughness is aided by strength training.

<p><b>MYP Subject Group Objectives</b></p>	<p>Objective D: Reflecting and improving performance. i. Explain and demonstrate strategies to enhance interpersonal skills. ii. analyse and evaluate the effectiveness of a plan based on the outcome. iii. analyse and evaluate performance.</p>	<p>Objective C- Strand 1: i: demonstrate and apply a range of skills and techniques skills.</p>	<p>Objective C: Applying and performing. i.
